

# Phoenix Perinatal Associates

## Obstetric (OB) Hospitalist Care

Dear Patient,

Phoenix Perinatal Associates (PPA) has partnered with your obstetrician, Dr. Armity A. Simon, to help coordinate your inpatient obstetrical care. This means that PPA OB Hospitalist physicians will treat you while in the hospital, including delivery in some cases. An OB Hospitalist is an OB physician who only practices in the hospital setting. The PPA OB Hospitalist team is available 24 hours a day, 7 days a week at Scottsdale Healthcare.

Our team is unique because we are partners with the high risk pregnancy (Maternal Fetal Medicine) and newborn intensive care specialists (Neonatology) that are also part of PPA. This team model allows us to coordinate care for the most complex patients and scenarios. The PPA OB Hospitalists are the first and only group in Arizona to develop an OB emergency department, currently located at Scottsdale Healthcare Shea Medical Center.

PPA is proud to partner with local physician leader, Dr. Simon, to provide high quality and compassionate obstetrical care to patients during their hospital stay.

### **Our OB Hospitalist Team:**

Brian Gilpin, MD - Medical Director

Thuy Doan, MD

Lydia Ehlenberger, MD

James McMillan, MD

Janet Moore, MD
